

## **Royvon Dog Training Schools Dog Boarding Services**

**Send your Dog on Holiday While you are on Holiday**

**The only boarding facility with custom activity agendas for dogs**

**Located just outside South of London and South Wales  
with daily chauffeured collections & deliveries to the London and Cardiff areas**

Royvon Dog Training Schools is the Nation's first and leading specialists for residential dog training, therefore, consider the additional benefits of boarding your dog with an established school:

- Royvon has fully qualified, professional and experienced carers, trainers & behaviourists on-site 24 hours a day, 7 days a week
- Boarded dogs have the option of including training sessions or other supervised activities as part of their boarding experience
- Royvon has specialised facilities for training & exercise, regardless of weather
- Repeat boarders will establish relationships with their Trainer and Carers, who will become their personal training, behaviour management, health and exercise coaches
- Repeat boarders will be encouraged to consider a long term programme with concentrated efforts for each stay, to include refresher training and owner tuition
- The level of training and/or exercise is on an individual basis - what is desired, recommended for the dog and within the allocated time frame

### ***Boarding***

Royvon allocates a limited number of kennels for straight boarding services on a first come, first serve basis. Although boarded dogs are provided two exercise walks per day, Royvon has designed further boarding options, as outlined below, that include additional activity as alternatives for those desiring a more stimulating holiday for their dogs while they are away.

### **Boarding PLUS**

Boarding PLUS is boarding plus scheduled events to ensure that all guests are kept physically & mentally active through controlled behaviour shaping socialisation, exercises and games. All Boarding PLUS dogs are provided at least one hour's scheduled activities per day.

Activities may include:

- Walks in the local nature reserve
- Jogging sessions
- Play sessions with other dog-friendly dogs
- Games (fetch, hide & go seek, Frisbee...)
- Food treats (Kongs, Pyramids, dog puzzles...)
- Personal grooming or massages

## Boarding & Training

A Royvon Trainer works with the guest dog on very specific areas of obedience and behaviour management, designed to fit the allocated time frame. The owner outlines the training requirements; the Trainer assesses the dog and communicates what will be possible by the owner's return. Ongoing and long term training is recommended and highly effective for repeat boarding trainees. All Boarding & Training trainees will receive at least one hour's training per day.

Training Includes:

- Basic command exercises (sit, stay, recall, walk to heel...)
- Custom training, as discussed and agreed by owner & Trainer
- Hands-on tuition

## Boarding Amenities:

- All kennels are double-sized and include private, cosy indoor sleeping quarters divided by a door to a private outdoor run
- All dog bedding & toys provided
- Owners may supply their own food, or use the Royvon recommended Arden Grange brand dog food
- The Royvon facility has a safe, enclosed training field and indoor training
- Within walking distance to a nature reserve and local park
